Cultivating Future Muslim Leaders

Education Rooted in Islamic Excellence

The Lighthouse Schools is a nonprofit, Islamic boarding school for boys, grades 6-12. Through rigorous curriculum, faith-based character building, and commitment to community service, our students thrive in an exceptional environment that fosters spiritual and personal growth along with academic excellence. We prepare them to become compassionate, service-oriented entrepreneurs and faithful leaders, ready to make a meaningful impact in the world.

Our Three Academic Pillars

The academic program at The Lighthouse Schools is meticulously crafted to prepare graduates for successful admission to Ivy League universities and other prestigious institutions.

1 Spiritual Enrichment

Curriculum and the campus environment cultivate a deep connection to Islam, strengthening the iman and Muslim identity of students.

2 Academic Rigor

The Lighthouse Schools offer a rigorous academic program designed to challenge and inspire students. With a wide array of AP courses, dual credit opportunities, and an accelerated curriculum, students can achieve advanced academic milestones, including completing up to two years of college coursework while still in high school.

3 Community Engagement

Embedded in the student experience are a wide range of community impact projects, fostering a deep sense of social responsibility and a lifelong commitment to making meaningful contributions to society.

Future Muslim Leaders

Sadiq Dubose West

- ▶ Member of Clinton Mayor's Youth Commission
